

Lentivirus / Retrovirus 10X Titer-Up

Increase titer for up to 10X by enhancing viral particles production at transcription level.

Use 10X Titer-Up

No use 10X Titer-Up

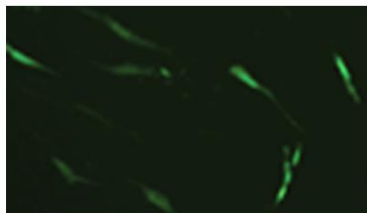

Cat.#	Kit name	Feature
P906	Lentivirus 10X Titer-Up	Increase lentivirus titer by 10X
P909	Retrovirus 10X Titer-Up	Increase retrovirus titer by 10X
W2104-10	Plasmid Endotoxin-Free Maxiprep	Faster than Qiagen

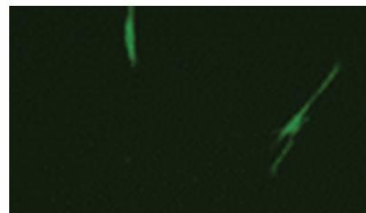

Transfection Reagent

For difficult-to-be-transfected cells (such as primary cells), 101Bio's Transfection Reagent has **much higher transfection efficiency** than Lipofectamine 2000 (Life Technologies).

101Bio Transfection Reagent

Lipofectamine 2000
